the Senior Class of
Sayre Area Joint High School.

The end of one age...

FOREWORD

The little Indian who romps across the pages of our 1955 "Sayrenade" represents the spirit of Sayre High. This spirit has prevailed throughout all our years together binding us with ties of companionship and co-operation. Directing us always toward our ultimate goal of achievement, this spirit symbolizes both the serious and the lighter aspects of school life. In future years we shall recall with renewed pride our Alma Mater, and all for which it stands.

PRESIDENT	James J. Lynch
VICE-PRESIDENT	Dr. Rodney L. Stedge
SECRETARY	Samuel J. Kresge
TREASURER	Daniel W. Taylor

Administering the affairs of the local schools are three official groups--the Sayre Borough District Board, the Sayre Area Joint High School Board, and the Sayre Area School Board. The Executive Committee is composed of representatives from each group.

Sayre is fortunate in having as directors able men who are keenly interested in enriching the educational opportunities for the youth of the community.

...Directed our way

We, the members of the school board, administration and faculty, are happy to know that you, the representatives of the senior class of 1955, have taken advantage of the many opportunities that have been made available to you through the courtesy of your parents and other local taxpayers. Your various school activities reflect the investment of the local people and the commonwealth.

The returns from these investments will never be measured in a material sense, but rather through the development of the personalities of our graduates who, in turn, will be responsible for the youth of tomorrow.

It has been said: "Better schools make better communities". May we strive for the best, so that through the composite efforts of all, we can continue to develop our community through a stronger loyalty to our homes, school and churches. This is a challenge that must be accepted.

JUDSON F. KAST, A.B., M.A.
Principal

After twelve years of formal education you will be graduated and listed in directories as the Class of 1955. Will yours be the typical class recorded as so many teachers, nurses, house-wives, secretaries, merchants, or doctors? Or will the Class of 1955 set the pace for broader horizons and enviable ambitions?

Today's world needs men and women with many simple characteristics. Men are expected to give an honest day's work for an honest day's pay. Skills of course are necessary, but more people are dismissed from jobs, not because of lack of knowledge, but because of lack of desire to cooperate with other employees. Your attitude toward your job, your fellow-worker, and your employer will determine your advancement and usefulness to society.

We Shall Remember . . .

Miss Evelyn Peck

After a teaching career of 37 years, Miss Evelyn Peck retired in May 1954. Although seriously ill after her retirement, her spirits have continued high and she is now convalescing with extreme cheerfulness at her home.

Following her graduation from Susquehanna High School, Miss Peck attended Mansfield and received her Bachelor of Science and Master of Arts degrees from Columbia University.

Before coming to Sayre, Miss Peck taught in Susquehanna for five years and in Catskill for two years. She enlivened her classes of Chemistry and Biology with her keen sense of humor. Patience and understanding were her bywords, particularly in the intricate laboratory experiments.

The hundreds of students who, over the years, were privileged to be a part of her classes remember the proficiency of her teaching, heightened by her extensive research and study.

We pay tribute to Miss Peck as we realize that a special part of Sayre High is gone from the halls and the classrooms which so many remember as hers.

Miss Muriel Baxter

Miss Muriel Baxter was born in Troy, Pennsylvania where she attended high school. A Bachelor of Science degree was awarded her by Penn State; other professional study was received at Mansfield and the University of Colorado. Teaching first at West Burlington Junior High School, in 1928 she joined the faculty of Sayre High School, where she remained for 26 years.

In her seventh and eighth grade General Science classes, Miss Baxter taught with skill and effectiveness. Her pleasant manner and kindly understanding gained for her the friendship of all those with whom she came in contact. Keenly interested in the total program of the school, she contributed much in sponsoring and aiding various activities.

Her death on August 26, 1954 took from Sayre one of its finest and most respected teachers.

MISS BAXTER

Dr. Wilfred Langley

Dr. Wilfred Langley, one of the most civic-minded men of the community, contributed much of his time and talent for the welfare of the Sayre School system.

He received his Bachelor of Science and Doctor of Medicine degrees from the University of Pennsylvania. Having served his internship at the Robert Packer Hospital, he remained there as a member of the permanent staff. He was highly esteemed by the many local and national medical organizations of which he was a part.

Dr. Langley was Senior Warden of the vestrymen of the Sayre Church of the Redeemer. He assisted in many community campaigns such as the Red Cross, and was affiliated with numerous organizations including the Sportsmen's Club.

In his work on the Board of Education, Dr. Langley sought to maintain the highest possible standards of educational opportunity for the youth of the community. At the time of his death, March 18, 1954, he was serving his second year as president.

Activities

ENGLISH

Throughout all of high school, students are given the opportunity to increase their skill in written and spoken English. Literature, grammar, spelling, composition, and vocabulary comprise the course. In junior high school, classes concentrate on the fundamentals of grammar while in senior high more stress is placed on vocabulary and literature. All grades do considerable oral work and collateral reading. Seniors in the business field study Business English with the emphasis on proper business forms.

MATHEMATICS

Mathematics in junior high consists of the problems used in everyday life. Upon entering ninth grade, the student chooses mathematics as offered in his course. The commercial student elects that which will help in his business training during and following school. Academic students take Algebra I and II and Plane Geometry. Solid Geometry and Trigonometry are offered to those wanting to further their knowledge in mathematics. Any student desiring another form may take general mathematics.

FOREIGN LANGUAGE

The foreign language department offers two years of Latin and French respectively. In the Latin I course the college preparatory students learn the fundamentals of grammar, vocabulary, and the ability to translate in an easy manner. The second year is concerned with translating stories from Roman history and legend.

In French I the student begins with basic conversation and gradually works into phonetics and written work. Throughout the continuation of the course students gain knowledge about French history and famous French personages.

SCIENCE

Sayre maintains an excellent science department by affording the students five diverse courses. These include Physics, Chemistry, Biology, Senior Science and General Science. In these classes the students acquaint themselves with the basic laws of Science and chemistry and if such is the case prepare themselves for college. Well equipped laboratories are provided for experiments conducted in the physics and chemistry classes. The students are fortunate to have adequate reference material available and to have opportunity to work with a numerous amount of material.

...For Every Class

STENOGRAPHIC COMMERCIAL

Shorthand I and II are the basic subjects of the stenographic commercial department. While learning Shorthand, the students are taught how to take dictation and the fundamentals of transcription. During the second semester of their senior year the students take part in the Secretarial Office Practice program. By means of this, the students spend nine weeks in actual offices, usually three consecutive weeks in three different offices in Sayre or Athens. This provides experience which is very valuable after graduation.

CLERICAL COMMERCIAL

The clerical division of the commercial course consists of two years of Bookkeeping and Typing, with Office Practice in the senior year. Bookkeeping is the application and use of the business cycle. Typewriting includes learning to type by touch and to use the various business forms. The senior students learn filing and operating business machines in Office Practice. They then apply the training in the offices where they work for nine weeks.

SOCIAL STUDIES

Junior high school histories include seventh and eighth grade social studies. In the ninth grade Constitution and Pennsylvania History are required. World History is offered as a tenth grade subject while American History is required in the eleventh grade. Problems of Democracy, having to do with questions of social and economic living, may be elected by the Seniors. Emphasis on current events is an integral part of each course.

GUIDANCE

Once a week in the eighth grade a required course in Guidance is given. Through group discussions an orientation program informs the student about courses of study, effective study habits and topics of vocational interests. At various intervals during the high school years tests of mental ability, interests, and aptitudes are given to help the student match his abilities to those required by the job of his choice. The annual Career Day affords an opportunity to learn more about various vocational fields.

Have Helped us Much.....

LIBRARY

Once a week the seventh graders meet with Miss Matanle who introduces them to the library and its functions. They learn the location of all books and the correct usage of all types of reference books. This forms a basis for us of the library in remaining years of high school. Starting in ninth grade, if students desire, they may assist in the library by stamping, filing, and shelving books.

MUSIC

Some of the most pleasant activities offered at Sayre High are through the music department. Throughout the football season the Band produces snappy music and routines, then in the spring presents a concert of popular and semiclassical music, overtures and novelty tunes. Vocal music is elected by those who enjoy singing various types of songs. Mixed Chorus, Choral Club and Junior High Chorus are the major vocal groups. Junior Band is the preparatory organization for Band. During the year the Orchestra provides music for plays, assemblies and other school events.

PHYSICAL EDUCATION

All students are required to take Gym twice each week throughout high school, and Health three times weekly in eighth and eleventh grades. The program has been set up to deal with the mental, physical and social outlook of life as well as its problems. In this program co-ordination, leadership, self-expression, dependability and good citizenship through working with others is stressed. Through movies, class discussion and participation in sports together students learn to understand themselves and others better.

HOME NURSING

Once a week the senior girls meet with Miss Finch for Home Nursing class. Following the American Red Cross Home Nursing textbook, the students learn how to meet simple home emergencies, to recognize early signs of illness, to give simple nursing care to the sick and injured at home, and above all to help keep the family well. The girls have also proved helpful in assisting with Civil Defense drills.

...In Many A Task

SHOP

Boys begin this course in the seventh grade and eventually through that school year they cover four phases: plastics, metal work, woodworking and electricity. At first they are taught the fundamental tool processes, the planning of their work, and the use of various materials. Those who progress more rapidly are allowed to advance at their own capacity. In senior high the difficult projects are undertaken, offering opportunities in designing and planning. Also part of the course is mechanical drawing with work in blue prints, architectural drawing, and sketches of tool parts.

DRIVER TRAINING

The main objective of the Driver Education course is to teach safe, sane, sportsmanlike driving. A two-phase program, the classroom course is compulsory in the eleventh grade, and the car instruction is elective for anyone who has reached the age of sixteen. Motion pictures and slide films are used extensively; psychophysical testing devices are available, as are posters, display boards, model cars, and charts. In this course emphasis is placed on four important areas of driving--skills, good habits, knowledge of the rules of the road and the car, and attitudes.

ART

This year the Art department under the direction of the instructor, Mr. Peter Layman, has been studying various fields in Design. An all-around schedule includes paper mache animals, figure sketching, oil painting and other very interesting projects. There are several classes of junior and senior high students. Design I and Design II are both elective subjects while Art is a required subject in the junior high school.

VOCATIONAL HOME ECONOMIC

An enjoyable yet practical course offered at Sayre High is Vocational Home Economics. A domestic course, it is divided into Foods and Clothing. In the first semester the girls devote their time to making attractive clothing while the second semester is concerned with learning the preparation of colorful, nutritious meals. The girls also learn the art of table service and etiquette as well as the proper care of household equipment. Senior high classes also have special projects on child care.

On March 27 the Junior Class presented its annual play directed by Miss Geraldine Stocum. The plot concerned two angels, Agnes and Wilfred and a sort of heavenly hitch-hiker Pilone who came down to earth to take back a wealthy old lady, Augusta Applegate and an old sailor Herman. Augusta wasn't ready to die although her relatives were looking forward to her inheritance. Pilone urged on the romances of Richard White and June Bromsley, Ruthie Teel and Robert Hanley, only to find that Pilone himself had fallen in love with Diana, Miss Applegate's frustrated maid. Because Diana was killed by a car, Agnes was able to return with Diana instead of Augusta who had fallen in love with Herman. Pilone became a full-fledged angel to be with his Diana and the play ended with the four angels concentrating on ascending back to heaven.

JUNIOR MISS

The top comedy hit "Junior Miss" was presented November 20 under the direction of Miss Beverly Theetge. The Graves family apartment in New York was the scene of the hilarious play involving Judy Graves, a 13 year old, who has tremendous capacity for food and for getting into trouble. Together with her bosom pal Fuffy Adams, she wants very much to become a glamour girl.

Judy sorely tries her family's patience as she jumps to all sorts of conclusions from snatches of overheard conversations, then sets about to save the family situation when, of course, it isn't even threatened. However, when matters seem to be at their worst, Judy unknowingly straightens things out, and emerges as Miss Judy Graves, a lovely Junior Miss with an escort for her first dance.

Adds to the Fun...

"Snow White" - Mary Ellen Fitzgerald

One of the most festive dances presented by the class of 1955 was the annual Junior Prom held May 7, 1954. Following the theme of "Snow White and the Seven Dwarfs", the gymnasium was gaily decorated with pink and green crepe paper. In the center of the floor enclosed in white twisted crepe paper was a sparkling silver throne surrounded by seven dwarfs, blue birds, and forest animals. During the evening Mary Ellen Fitzgerald was named "Snow White" and crowned with a coronet of white carnation, lily-of-the-valley, and fern. Mellow music for dancing was provided by Don Alliger and his orchestra.

...We Have Shared

The "Moonlight Serenade" was one of the events highlighting the month of November. This was the annual Senior Prom held by the class of '55 for all students from senior high. Suspended from the ceiling of the gym was a revolving glass moon which cast its beams on the park setting below.

The long awaited moment arrived prior to intermission when Donna Horn was announced as queen of the prom. Accompanied to the throne by her escort, she was then crowned by Daniel Twigg, senior class president.

Don Alliger and his orchestra set the mood for the evening with a fine arrangement of music.

The staff consists of the literary, art, business, and production departments. After articles for the magazine have been written by the literary staff, the material is typed and arranged in a dummy. This dummy goes to the art department where appropriate illustrations are designed. Then the business department types the stencils and the production department duplicates these stencils on the mimeograph machine. Finally the magazine is assembled and distributed to the students. Evelyn Bowen is the 1955 editor.

"THE CHIEFTAIN"

Four times a year "THE CHIEFTAIN", the school magazine, appears. Last year this publication received a first place award from the Pennsylvania State Press Association. Many staff members obtained added knowledge by attending press conferences at Canton and Penn State. One of the major staff projects this year was a campaign to pay for the new electric mimeograph machine which greatly improves the quality of the printing in the magazine.

"SAYRENADE"

The "Sayrenade", the result of the Seniors' major undertaking, offers in later years a souvenir of memorable occasions and never to be forgotten moments. The positions on the various staffs are obtained by seniors and a limited number of juniors through keen competition and hard work. Production of the yearbook is unique in that it is one of the few activities in which the work is done almost entirely in the students' own free time. With the careful supervision of several advisers the five staffs manage to complete writeups, take pictures, do sketching, secure advertisements and type the necessary material in time to meet the many deadlines. Through work on the yearbook students gain invaluable experience in the various phases of journalism.

REDSKIN REVUE

The yearly talent show was presented on February 6, 1954 in the auditorium before a capacity crowd. The performance was given "aboard" the U. S. S. Sayrea under the skilled "emcee" of Captain Dick Johnson. The audience responded enthusiastically from the opening number to the finale. Setting the pace were numerous acts of songs, dances, pantomimes, skits, novelty numbers in keeping with the showboat theme. Proceeds from the performance help finance the noon hour movies.

MAY QUEEN - BARBARA TAYLOR

MAY FESTIVAL

The third May Festival, which is fast becoming a highly anticipated event in Sayre High School, took place on May 19, 1954 in the Lockhart Street Stadium.

Climaxing the many hours of work and practice was the impressive grand entrance of approximately 1,000 students from grades one through twelve from all Sayre schools. The highlight of the evening was the coronation of the queen. An air of mystery pervaded the audience as the nine senior high attendants led by four charming flower girls and a handsome young crown bearer, ascended to the throne.

In the background could be heard the majestic melody of "Pomp and Circumstance." Stillness reigned as Senior President Joseph McCabe crowned Miss Taylor "Queen of May." The traditional winding of the May Poles was followed by a lively succession of music, dances, and gymnastics, in which each student had his own particular part. In concluding the evening's entertainment, the king escorted the queen from the stadium with the attendants following.

CAREER DAY

On March 16th, 1954 the fourth annual Career Day was held for Sayre High students in ninth to twelfth grades. The program under the direction of Miss Kathryn Prince offered an opportunity for each student to attend four conferences concerning certain occupations with specialists in the various fields as speakers. Here it was possible to ask questions as well as to hear an informative talk. Also on hand for interviews were representatives of diverse schools and colleges. One of the highlights of the day was an assembly program featuring Mr. William Crum, principal of the Clarks Summit High School. Speaking on the topic "What's in It For Me? What's in Me For It?", Mr. Crum stressed that no matter what kind of job a person has, it is of prime importance to do the job well. This, he said, was the only road to advancement. Career Day has proved to be a day of major importance and assistance to students in choosing a vocation.

CHEERLEADERS

In their cheerful red and blue uniforms the Redskin Cheerleaders encourage excellent school spirit for both the team and the spectators. Throughout the school year they work diligently to acquire new outfits for each season. During the football season they wore white corduroy jackets red skirts, and beanies, and for basketball season they chose blue corduroy princess-style dresses with red trim, beanies, and keds.

This year, under their captain Eugenia Staniukinas, they made colored streamers and confetti to use when Sayre scored against its bitter rivals.

With endless pep the cheerleaders led the traditional snake dances and pep rallies to stimulate the spirit of the student body.

Their squad is composed of three seniors, two juniors and two sophomores, chosen for personality, scholarship, ability, and appearance. They must try out annually.

Representing the J. V. basketball team are the Junior Varsity cheerleaders, selected from eighth and ninth grades by a committee of teachers.

Coming on the floor with a vigorous cheer, they appear in red corduroy jumpers, white blouses and saddle shoes.

BOYS' SPORTS

Boys' sports in Sayre High School come principally under the direction of Coach Cal Welliver in the physical education classes. In the fall the boys play football, and when spring comes they venture outside again. At this time they have an opportunity to play softball, tennis, basketball, and track. During the winter interim, the boys are occupied mostly by basketball with occasional indoor baseball and volley ball games.

Lay-up Shot - Novak Style

GIRLS' SPORTS

Throughout the school year the girls participate in a varied sports program. This offers an opportunity for the girls to learn the fundamental rules of many sports, leading to good sportsmanship and fair play.

Leaders are elected in each gym class to instruct in the sports in which they excel. The major activities are branched into four groups: softball, volleyball, basketball, and dancing. The girls also enjoy many other sports.

Physical education provides a welcome break in the weekly routine of classes.

FOOTBALL

Opening the season at home, the Redskins fell to a strong Mount Carmel team 20-13. Although statistically Sayre outplayed the Red Tornadoes, no one could be little the Mt. Carmel team which later was mentioned as one of the strongest teams in the state. Carl Comstock scored the first touchdown and later Tom Page entered the end zone and kicked the extra point to tie the game. But in the last period, all-state end Tom Verskinski snatched a pass from the Sayre defenders and scampered 56 yards for the undefeated Mt. Carmel team's winning touchdown.

Sayre came into the winning column by blistering Canton 21-13. The Redskins completely dominated the fray although the score indicates a narrow win.

Another new team on the schedule was Olean, New York, who also fell to the Haggertymen 34-7. The Olean team was coached by a former Sayre mentor, John Ksionzyk, making another appearance at the Lockhart Bowl but as a visiting coach. The Redskins were led by Frank Durizch, who, many thought, played the best game of his career.

Playing their first valley game and defending their title, the Redskins had little trouble with the Athens team, smothering the Bulldogs 39-0. Harry DeKay broke the game wide open when he returned a punt 90 yards. Tom Page also added a pair of touchdowns along with Frank Durizch, Willard Baker, and Roger White. Page converted 3 out of 6 extra points.

The next game was a onesided fray with the Redskins' mighty juggernaut rolling over the Troy team 50-0. The weak Trojans couldn't compare with the might and class of the Sayre ball team, who won their fourth straight game.

Traveling to Forty-Fort the Sayre Redskins coasted to their fifth win by trampling the Flyers 33-20. Bob Peet, who played the game in place of the injured Tom Page, hit the pay dirt from 3 yards out to open the game's scoring, and later proved very effective on defense. Frankie Durizch scored a pair of touchdowns and added 3 extra points.

The following week, the Sayre Redskins played host to the Waverly Wolverines for the game of the season, something similar to the preceding year. The Wolverines entered the game undefeated, but they didn't have enough strength to stop the mighty Redskins as they coasted to a 40-14 win. Junior halfback Harry DeKay scored on 3 long runs. Comstock, Page, and Durizch proved too much to handle as they helped build up the score along with the line who opened up the big holes.

Sayre won the Valley-Towanda championship for the second consecutive year as they whipped the Black Knights of Towanda 40-7 in the last home game. Playing a wide open first half in which the Redskins led 34-0, the first and second team alternated in the last part of the game as the Towandians held the Redskins to even terms.

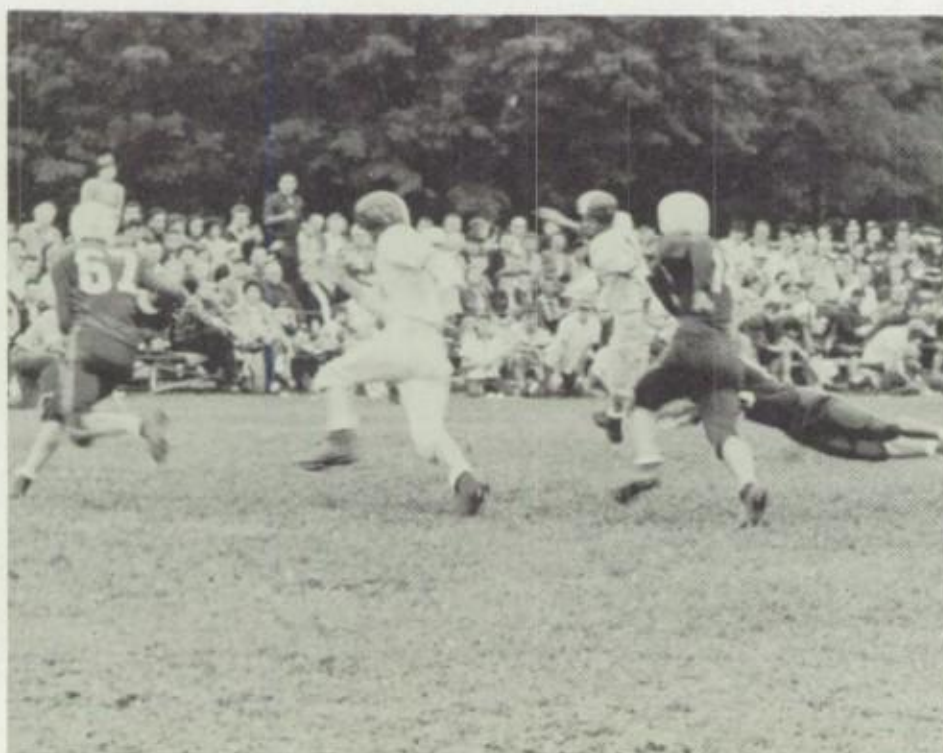

... in a Row

The Redskins ended the 1954 season with a resounding 27-7 win over Corning Free Academy. The game was held up for an hour because a transmitter blew out and the two teams played on the field with half of it in nearly total darkness. The win made it the eighth straight, and 17 wins in the last 18 games for the Haggertymen.

Under the expert direction of Coaches Haggerty and Weiss, the Redskins compiled a total of 297 points to their opponents' 88. Sayre wound up the season in possession of the Valley Championship and the Roosevelt Trail trophy, the latter in its first year.

As the season came to a close so did the careers of such veteran seniors as Tom Page, Frank Durizch, Bucky White, Ron Poletto, Jerry Novak, John Stein, Keith VanAllen and John MacNeal.

BASKETBALL

The Sayre Redskins opened the cage season at Wellsboro where they were trimmed 59-44. Page with 14 points was high man.

In the next game Sayre nipped the Johnson City Wildcats 49-48. Bucky White had 15 points and helped repulse J. C.'s comeback.

Invading Bath then fell prey to Sayre's Redskins. Page and White with 14 and 12 respectively led the scoring.

The alumni downed the Redskins 51-48 in the game which followed with many stars of past years playing. Tom Page had 22 points in a losing role.

Sayre opened the Roosevelt Trail League with a victory at Canton 50-35. Page with 27 points was the big noise, and, along with Carmody and White grabbed many rebounds.

The Redskins defeated Towanda 61-43 in the next fray as Page again had 27, with Carl Comstock getting 14.

Winning their third straight R. T. L. game with Wyalusing 71-36, Sayre was waiting anxiously for the next game with Athens. The Bulldogs came out on top, 53-47.

After the Athens game, Sayre traveled to Waverly where they were nipped 62-56.

Sayre got back in the winning column by trouncing Mansfield, 71-56. Page had 27 points, while Carl Comstock and Bucky White played a terrific floor game.

In the next game, the Redskins downed the Troy Trojans, 62-47. Page with 19 and Comstock with 14, were the leading scorers.

Sayre's chance for the R. T. L. title was stopped when Towanda upset the Redskins, 62-57. Sayre's shooting couldn't compare with the Towandians, although Bucky White chipped in with 23 points.

The following evening, Johnson City evened up with the Redskins, 72-48. Joe Carmody's terrific work under the backboards was a consolation to the Redskins.

Sayre came back in the league play by downing Canton and Wyalusing, 57-40, and 62-53 respectively.

League-leading Athens came to Sayre with a 12 game winning streak, and were beaten 65-44, by the Redskins. Tom Page's 24 points, and Joe Carmody's and Bucky White's playing under the boards were the highlights of the game.

Sayre traveled to Bath in a snowstorm and were upset 73-63 in an overtime. The game was tied, 62-62, at the end of four periods.

The Redskins knocked off Troy in the next game, 58-40. Tom Page had 22 points, but the team was exceptionally good as the whole team put in a fine performance.

Sayre won the last game of the R. T. L. season from Mansfield, 54-36.

In the final game Sayre and Waverly engaged in a nip and tuck battle for three quarters. But in the final quarter the Sayreites pulled away to win, 68-54. Featured by Roger White's 20 points, good rebounding and excellent teamwork, it was Sayre's first victory over Waverly after 12 consecutive losses.

They finished second in the R. T. L. with a record of 10-2, scoring a total of 714 points against their opponents' 545. Tom page led the R.T.L. individual scorers with 254 points, and average of 21 points a game.

Graduating seniors on the team were Tom Page, Joe Carmody, and Bucky White.

BASEBALL

With five wins and seven losses, Sayre's 1954 baseball season was only mediocre, but it was marked by good sportsmanship and smart playing.

Sayre opened the season with Troy, absorbing a 12-4 loss. Joe McCabe's triple in the third inning proved to be Sayre's only consolation.

In the second game, Sayre blistered Canton 16-5 with Kenrick and Flynn getting three hits each.

Towanda stopped the Redskins in the next game 8-1. Kenrick suffered the loss with the 'skins getting only four hits.

Sayre bounced back to win their second Roosevelt Trail League game defeating Wyalusing 5-4. McCabe's homer with one on lifted the Redskins to the win.

Next, Waverly stopped the Sayre squad 9-2. The Redskins' ten errors were a main factor in their loss.

Sayre came on to win three consecutive games; 6-5, 9-5, 12-5 over Athens, Canton, and Troy respectively. Durizch, Page, and Flynn were the leading hitters in the three games.

In the following game, the league champions of Towanda stopped the Redskins 6-0, only two hits were obtained by the Redskins, and they were singles by Flynn, and Kenrick.

Durizch ready to deliver

Opposing Wyalusing and Athens, the Redskins were beaten 5-4, and 12-3. Kenrick and Bonney were the losing pitchers.

In the final game, the undefeated Waverly team again defeated Sayre 6-1. Kenrick, Sargent, and Durizch obtained the only hits. Frank Durizch was the losing pitcher as Coach Weiss' team finished with many returnees for next year, a good omen for a successful season in 1955.

TRACK

The Sayre High School Redskins finished the 1954 track season with an impressive record, winning the Valley Track Championship and finishing a close second in the District 4, Class B, P. I. A. A. track meet.

With such standouts as Layton (Skip) Benjamin, Phil Hartung, John Horniak, Ed Daniels, Bob Peet, Keith Van Allen and Tom Page, the Redskins proved to be strong in every event, but Sayre lacked the depth to take the other places besides first.

Stein sets a new record?

The first meet of the year was an interclass affair with the seniors winning and the sophomores finishing second. Skip Benjamin captured four firsts in the 100 yard dash, shot put, javelin, and discus.

The Redskins lost to the Williamsport team 65-59. Skip Benjamin took another triple, winning in the two sprints and the discus.

The highlight of the season came when Sayre was host to the first night Valley Track Meet in ten years held in the Lockhart Street Bowl. Sayre came from behind to win the last event, the mile relay, as Phil Hartung, John Horniak, Ed Daniels, and Bob Peet combined forces to win. Hartung was the anchor man and dashed past his opponents to the finish line to eke out a well-deserved victory.

Not Finished - Just Begun

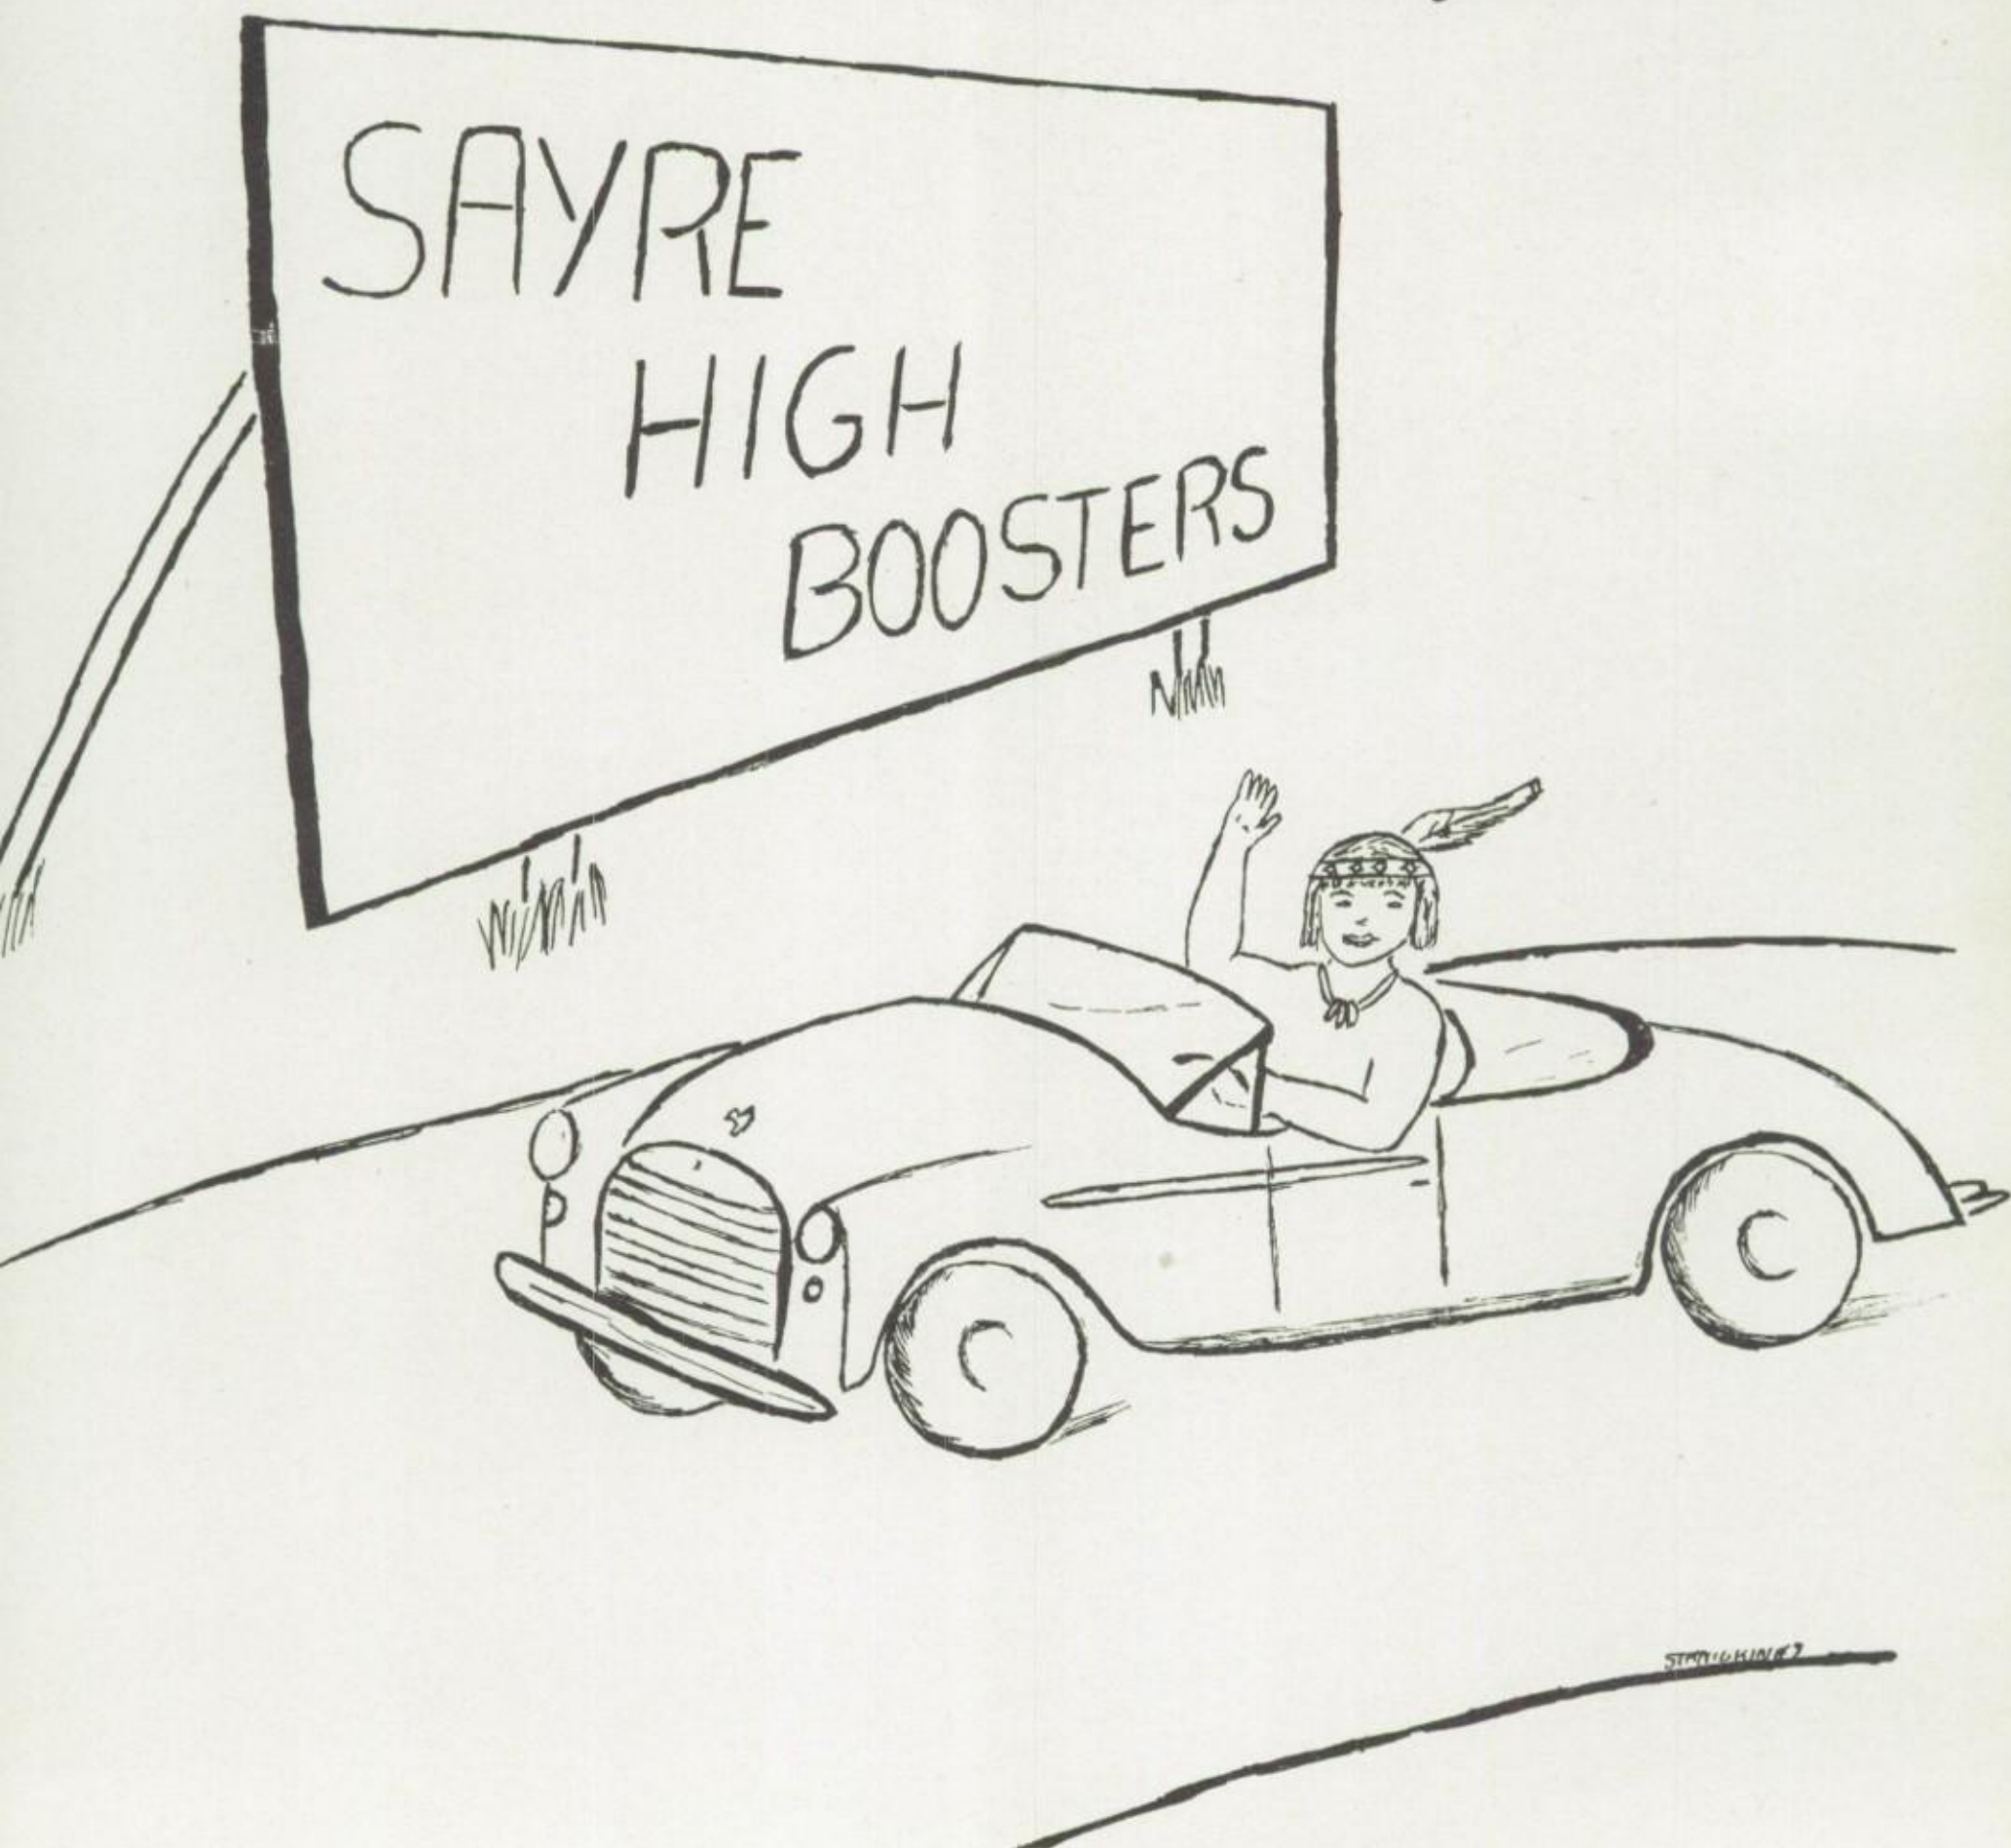

Memories are so intangible. In this book we have tried to insure that they will never be forgotten.

Together we have spent these fleeting years, overcoming many difficulties which at the time seemed vital, but which now we know were very trivial.

Our troubles with tests and teachers were balanced with the enjoyments of sports, dramatics, dances and also the little things that added so much to our lives.

As we separate into different paths, we are yet united by a bond of cherished remembrances.
